

Clover Flex

VERSATILITY AT THE COUNTERTOP,
IN THE AISLE, OR ON THE GO.

Built to Travel

Wi-Fi and LTE-ready, Clover Flex is prepared to work on the road. It fits in the palm of your hand – making it perfect for line busting.

Ready, Set, Grow

Clover Flex grows with you. From monitoring sales and profit trends to controlling employee permissions and managing employee shifts, you can run a full POS from the same compact device that takes your payments.

Custom Configurations

Add your logo, website or even a custom message to your terminal receipt.

Real-time Reporting

Review your complete sales history, and manage employees with Clover Dashboard – whenever, wherever. Pull a report in real-time by terminal or employee ID.

If you have questions or need help, contact Mark Fagan at 613-715-3285 or visit us at www.financer.ca.

ABOUT FIRST DATA

First Data Canada, a division of First Data Corporation (NYSE:FDC) makes payment transactions secure, fast and easy for merchants and their customers. First Data is a global leader in commerce-enabling technology and solutions, serving approximately six million business locations and 4,000 financial institutions in more than 100 countries around the world. The company's 24,000 owner-associates are dedicated to helping companies, from start-ups to the world's largest corporations, conduct commerce every day by securing and processing more than 2,800 transactions per second and \$2.2 trillion per year. For more information, visit: www.firstdata.ca

Help your
business grow
with fast,
affordable and
scalable solutions.

Clover Flex.

The flexible solution designed to meet your full range of payment and point-of-sale needs.

Clover Flex
Robust functionality.
Ultimate flexibility.
Total simplicity.

Help your business run more smoothly.

Clover Flex is the all-in-one device with the built-in capabilities to help you serve customers better—whether at the counter, in line, at the table or in the salon chair.

Easy to hold and easy to hand over to customers to dip, swipe, tap, sign or enter a PIN, Clover Flex delivers the ultimate in flexibility and simplicity in a single device freeing your mind for the things that matter.

Features that make Clover Flex stand out from the competition:

- Built-in receipt printer and barcode scanner
- Fast and flexible wireless connectivity with an optional 3G data plan
- Electronic signature, which makes it easier to keep track of receipts and helps prevent future chargebacks
- Compatible with the entire line of Clover devices
- Powered with a full suite of business management tools through the Clover Software plans and App market

Clover Flex. The smart, flexible POS device that's as dynamic as your business.

Visit Clover.com or contact your Representative to learn more.

Flexibility that's ready for anything.

Clover Flex enables full integration with the complete line of Clover devices. That means you can take an order in line and close it at the counter, complete a checkout at the table or in the aisle—you're free to work as you want. And with a battery that can go a full day of business without a charge*, there's never a reason to slow down.

Clover Flex makes it easy to get up and running—right out of the box.

- Accept more types of payments from magnetic stripe and EMV®-enabled credit and debit smartcards to EMV contactless (including Apple Pay)—all without additional equipment
- Help protect your customers, business and reputation from fraud with built-in Clover Security
- Monitor sales and profit trends with Clover Insights and the Clover Dashboard mobile companion app (iOS and Android)
- Control employee permissions and manage employee shifts without hassle
- Build effective loyalty programs, collect customer feedback and send customer promos in minutes
